Sheffield, England

C02WLA Car 2 Wheel Optical/Laser Alignment Gauge

The SharkEye Whippet is our entry level unit. It's well priced and seriously well made.

It's a simple to use 2 wheel, single axle wheel alignment gauge. Whippet has one laser and a reflective mirror that makes measuring the steer axle a quick breeze.

It does what it does, and it does it efficiently. One axle at a time. 12 inch to 24 inch rims. It doesn't break. It doesn't scratch alloys, and like all SharkEye products it won't break the bank. But, best of all, as it's a SharkEye it's made in Yorkshire and Built to Last.

Comes with:

- 2 x Wheel Alignment Gauges
- 4 x Laser Diodes
- Integrated Twin Charger
- Standard Steering Wheel Clamp
- Vertical wall mounted hanger for easy storage
- 3 Year Limited Warranty

Set-up and installation:

- User manual for step-by-step guide
- Tutorial Video (www.sharkeyewheelaligners.com)
- Unlimited remote support
